April 6-8, 2011 • Iowa City, IA

For the first time, the Safe States Alliance, the Society for Advancement of Violence and Injury Research (SAVIR), and CDC have joined forces to host a dynamic and collaborative annual meeting experience at the Coralville Marriott Hotel and Conference Center from April 6-8, 2011. The theme of this year's meeting is "*Progress through Partnerships.*" Through the development of strong and rewarding partnerships, the fields of practice and research can mutually inform one another to create injury and violence prevention programs that are evidence-informed and effective.

The 2011 Joint Annual Meeting will feature distinguished keynote speakers, engaging concurrent sessions, and valuable networking opportunities with hundreds of injury and violence prevention professionals. Come and join us for an exciting meeting experience where you can share ideas, strategies, and best practices with hundreds of your fellow peers in injury and violence prevention research and practice.

Abstracts for the meeting will be accepted for consideration starting in late summer of 2010. Meeting registration will open in the fall of 2010, and all members of the Safe States Alliance and SAVIR will receive a special discount on registration fees.
